

Communication

Communications is the key factor in chasing the Plaques.

⇒ **E-mail is the fastest form of communications.**

⇒ **In order for e-mail to work, you have to check it often.**

⇒ **The e-mail address for each area are:**

coyeast@gwrranc.org

coycentral@gwrranc.org

coywest@gwrranc.org

⇒ **Use the group e-mails when you capture the plaque. The NC District Couple and District Webmaster will keep these groups updated so that all couples with an e-mail address will be notified when an e-mail is sent through the group e-mail address.**

⇒ **The NC District Couple keeps an address listing of all the couples. They are responsible for keeping this list updated and sending it out to all the couples as changes are made. Use this list to help you to get to know the other couples.**

⇒ **For anyone that does not have e-mail, they will need to be contacted by phone. This is the reason everyone's cell number and home phone numbers are needed. No one should be missed.**

⇒ **REMEMBER!! If you have any questions, feel free to call the District Membership Enhancement Program Coordinator or the District Couple of the Year. We are here to help answer your questions. We want your chapter couple of the year experience to be the best it can be.**
